

# Social Housing Forum

SHARE Partner name	REC Estonia
--------------------	-------------

Region Covered	Estonia
----------------	---------

Central Aim	To get together different interest groups for flat owners organization like Ministry of Economic Affairs and Communication, local government organizations, building renovation financiers, energy end use specialists and energy advisers/auditors in order to co-ordinate activities for the target group and work out awareness and training materials for specific need to the target group.
-------------	--

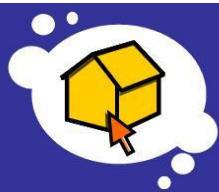

## Objectives

The aim of the forum is to generate discussion and networking of different organizations providing services or legislation for housing and to share information and best practice for end users of energy. The forum will focus on following areas

- Legislation simplified explanation for target group (labeling, energy auditing)
- Identifying target group for trainings
- Planning and implementing training sessions
- Identifying interesting topics for end users
- Planning and reviewing advice and awareness materials and campaigns
- Advertising best practices and good solutions for specific problems (ventilation, balancing, metering)
- Advertising financing solutions for specific problems
